But the Emperor of Germany is master of the situation, and if he has demanded the cession of these Swiss Cantous there is no power that can stop him.

MURDER!

Breat Excitement in Illinois-Sharm Tyndata's Tarrible Death.

ars of the murder of the Hon. Sharon further spread. The roar of the curleft his house at one o'clock yesterday morning to go to the depot of the Chicago and St. Louis railroad, car-crop will not exceed 20,000 hogshenis. Condale, at Springfield, show that he rent at the break can be heard more rying a small traveling bag in which was lifty dollars. The body was found tween Jules Vinet and Philip Lamefour hours afterward a few rods from reaux, in which the latter was shot his residence, and was badly bruised and killed. inch and a half thick and two feet rested. loog; also a single-barrel cartridge pocket derringer, tied to the package, MURDERS AND SUICIDES. cal cartridges and bird shot. Dec ed ashirt collar was torn open and tufts of bair, necktle, and broken bricks near the body indicate a desperate strug The robber took the pocket-book with the fifty dollars, but failed to se cure a gold watch, gold spectacles, and a small sum of money. Mr. Tyndate leaves a wife and five childre all grown except two. The Mayor o Springfield offers a thousand dollars reward for the capture of the mur-derer, which will doubtless be largely increased. The excitement over the marder is very great.

STRANGLED TO DEATH. A Ho-rible Murder to Haly-A Russian Strangles a Pole.

The Persecranza, of Milan, relates lending hotel of this city, and regisaccent. At four o'clock in the after-noon Kauntonzoff left his corapanion's room, with a carpet-bag in hi am obliged to leave town on urgen business for a few hours, but I shall be back by night; don't wake my friend," and, giving her five lire, got on an omnibus and proceeded t be railway terminus. Late at night the door was opened by a blacksm as no reply could be obtained from Krasoviski, and, entering the room horrible speciacle met the view. Krusoviski was on the bed, with a cather strap bound round his throat, which had strangled him to death. The doctor of the hotel, the Chev lier Capelli, stated that the position i

which the body was found precluded all idea of suicide, and he believed that he had been first drugged and San Francisco Alla, gives the follow-The railway tickets on his trunk had all been removed. The Russian the Fili Islands:

Ambassador at Florence was notified still at large.

TRAIN.

Don Platt . Description of the Great Ameri-

cas Traveller-A Capital Picture. Don Piatt, in his capital paper, says of George Francis Train that he is a beginning of December on a trading woyage among the Live Islands, commanding height, as supple man of commanding height, as supple in body as he is voluble in speech. His feetures, without being handsome, ers. Mr. Diehl, chief officer, with a mindred thousand dollars, to say nothing possess a mobility that alone would crew of fourteen, of whom three were of the cargo, which is often worth twice possess a mobility that alone would crew of fourteen, of whom three were of the cargo, which is often worth twice the rame of the fame of Kean and whiles and the remainder islanders, the value of the beat, all of which is dehave made the fame of Garriek and On December 25 they arrived off stroyed in a few moments. Macrondy as it did of Garrick and On December 22 they arrived off Every explosion, we have the same old Cherry I stand, situated between controversy over and ever again, about the tothink that Train is but one remove from a madman; he may be in a political view, but if he would cease howling for the Presidency, and go on the singe, there would be no actor to compare with him. He has the most startling versatility—passing from the broadly humorous to the most touchingly pathetic with the rapidity of lightning in a schooner, two especs, each carrying to the bollers, and no one will be the wiser, unless the cause can be assertained. Without discussing the question of water, we will refer to a few cases.

The mast political view, but if he would cease how one successful to the long bout. As Mr. Has was getting over the side, the mate pasked him "if he had not better take his revolver?" His reply burst her steam pips through pressure and probably rome defect in the pipe. We know that there was ample water in the bollers, and no one will be the wiser, unless the cause can be assertained.

Without discussing the question of water has been described as the cause can be assertained. Without discussing the question of water has been described as the cause can be assertained. Without discussing the question of water has the cause can be assertained. Without discussing the question of water has the cause can be assertained.
